---

PROFESSIONAL EXPERIENCE

Junior Frontend Developer- Midrohub, Lagos   **2023 – Present**

- Developed and implemented responsive web designs and intuitive interfaces to enhance user experience and optimise website performance.
- Collaborated closely with the team to translate wireframes and visual designs into intuitive and interactive web interfaces and ensure peak performance of web applications.
- Utilised modern javascript framework (React) to build dynamic and scalable web applications.
- Conducted thorough testing and debugging to ensure seamless functionality across browsers and devices.

Web Instructor - Dimplat,Lagos   **2024 – Present**

- Lead comprehensive training in **full-stack web development**, teaching key skills such as HTML, CSS, JavaScript, React, Node.js, Express, MongoDB, and Git.
- Guide students through building dynamic, responsive websites and web applications, focusing on both front-end and back-end development.
- Provide mentorship to students, offering feedback on projects, helping troubleshoot code, and supporting their progression into the tech industry.

VOLUNTEER EXPERIENCE

Afren - waitlist.afreninc.com   **2023**

Afren is an innovative yet-to-out start-up poised to bridge the gap between clients and freelancers.

- Enthusiastically undertook a proactive role as a front-end developer, contributing my expertise to construct a captivating waitlist landing page
- Meticulously brought the company's vision to life through thoughtful design, seamless user experience, and intuitive interface.
- Demonstrated my technical prowess and commitment to transforming conceptual ideas into tangible, user-centric digital experiences.

PROJECT(S)

Partypal - www.partypalnow.com   **2024**

A B2B web application facilitating seamless interactions between planners and vendors.

- Collaborated with other team members to develop intuitive user interfaces, enabling planners to efficiently find vendors for their events.
- Contributed to the project's success by utilizing strong front-end development skills to ensure a responsive and user-friendly experience.
- Designed an attractive and user-friendly interface that maximizes user engagement and satisfaction
- Ensured cross-browser compatibility and responsive design for optimal user experience across different devices.
